

The Global Tree C-Sink: Template Land Eligibility

Project data

C-Sink Manager name/ID	Name
Project area name/ID	GTC_00001
Management unit ID	00001_IND_1

Management unit

Address (or region where not applicable)	xy
Size (ha, two decimals)	50.00 ha
Name of shapefile	Name

Soil typology

C.P.1. Soil type according to World Reference System	A= Acrisol B= Nitisol C= Leptosol
---	---

Soil map excerpt

(attached as separate georeferenced map or GIS file)

Soil Reference Base	Harmonized World Soil Database
Year of data publication	2012
Name of soil map/GIS file	xy

Land use history and baseline land use

C.P.2

Please describe in as much detail as possible the land use history of the management unit, covering the past 10 years before project establishment.

--

C.P.3 Within the 10 years before initial planting activities as conducted by the C-Sink Manager the land was covered by primary forest.

--

Logging permits, landowner testimonies, satellite pictures (e.g. Landsat) or *Global Forest Watch* Excerpt to verify whether or not primary forest covered the management unit 10 years or less before initial planting activities as conducted by the C-Sink Manager and that there is no forest cover present at the time of initial tree planting.

(Attached as separate georeferenced map or GIS files)

Forest cover reference base	Reference
Time stamp of data	2013 and 2022
Name of map/GIS file (s)	Name

Landownership

C.P.4. The land is owned by <i>(name, address, contact)</i>	<i>District government of</i> <i>Address and contact: xy</i>
---	---

If the land is not owned by the C-Sink Manager, attach the following supplementary documents:

- **Lease contract or concession contract** (respecting contracting periods as defined in the Global Tree C-sink guidelines)
- **Statement of free prior informed consent (FPIC)** by the landowner to the tree planting project (example below).

Examples FPIC

I, (name), born (date) in (town, state, county), am aware of the tree planting project (project name) established/organized by the company (name) on my land. I am aware of the location and dimension of the project covering (xx,xx) hectare. I am aware of the project duration spanning (xx) years, with possible extension in the case of mutual agreement. I am aware of the nature and objective of the project, specifically (afforestation using XY species to produce XY). I am aware that revenue will be generated from several products, including the climate service generated by the trees. Hereby I give my free prior, informed consent to the project. (Date, Signature)

- The template may be rephrased for companies.
- Other FPIC templates (e.g., UN, REDD+, FPP, GIZ, TFD etc.) are accepted.
